Pennoweth News

A huge welcome back to all our existing families and a warm welcome to our new starters across the school.

Since our return, we have been blessed with some glorious sunshine and cloudless skies to ease us into what will be another fantastic year at Pennoweth. Across the school, staff have been eagerly anticipating the start of the year with so many new spaces and changes that have taken place over the summer to share with the children.

We welcomed our new Year fives and sixes into the new building on Wednesday where the building work has now been replaced with buzzing classrooms and a brand new hall. In addition, Mr Turner's old Classroom has also had a summer refurbishment, with this space now containing an exciting 'Creative Lab' for our pupils to use during more practical lessons such as Art, Science and Design and Technology.

The changes have not been limited to the interior of our school, but also this week, the murals have returned around the school. These are now mounted on boards and we hope are sturdier than ever. As you all know, these murals depict key curriculum knowledge that our pupils will gain over their time at Pennoweth, a celebration of pupils art in the form of a graffiti wall and even a vinyl compass placed on the playground.

In other news, today you will receive your parent handbook for your child/children's classes for this academic year. Much of this booklet can be used to further support your child/children at home and also provides you with a clear insight into how we educate and support your children whilst on their journey at Pennoweth.

Finally, please make sure to keep your eyes on Marvellous Me and the newsletter for key dates and events coming in the next few weeks so that you don't miss any exciting events.

Our DNA

Everything we do in school is shaped by our Pennoweth DNA statements. Each week each phase team identifies one child who has done a fantastic job of demonstrating each strand of the DNA. Well done to all the children below.

We are safe.
We feel loved.
We take responsibility.
We are always learning.
We are ready.

Announcements and News

A message from our CEO Simon Hague relating to recent news stories surrounding schools.

“You may have seen recent news stories about some schools having structural problems because they were built using Reinforced Autoclaved Aerated Concrete (RAAC).

I am happy to say that all Crofty Schools have been thoroughly checked earlier this year and none were built using RAAC. If you have any questions or queries about this please do not hesitate to get in touch.”
